Map Fixes

How to install ?

Move the "mpmappatches", "mpmappatches2" and "spmappatches" folders in "mods\update\x64\dlcpacks" and add "<Item>dlcpacks:/mpMapPatches/</Item>", "<Item> dlcpacks:/mpMapPatches2/</Item>" and "<Item> dlcpacks:/spMapPatches/</Item>" to the "dlclist.xml".
As for the files in the "Manual Installation" folder, check the "Installation.txt" file inside each sub folder for the instructions.
